- I Use of estimates, assumptions and judgments:
 - (*i*) Significant estimates and assumptions:

The preparation of these consolidated financial statements in conformity with IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting periods. The underlying assumptions are based on historical experience and other factors that management believes to be reasonable under the circumstances, and are subject to change as new events occur, as more industry experience is acquired, as additional information is obtained and as the Company's operating environment changes.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period during which the estimates are revised and in any future periods affected. Significant areas having estimation uncertainty include the following:

2. Basis of presentation (continued):

- (c) Use of estimates, assumptions, and judgments:
 - (i) Significant estimates (continued):

The Company has in place a planning, budgeting, and forecasting process to determine the funds required to support its operations and expansionary plans. As a result, after considering all relevant information, management has concluded that there are no material uncertainties related to the events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern for at least the next year.

4. Acquisition

FormTex Plastics Corporation

On July 1, 2022, the Company, through a wholly owned subsidiary, closed the acquisition of all the business and operating assets of Houston-based FormTex Plastics Corporation "("FormTex"") for cash consideration and an indebtedness holdback of approximately \$5,981 (or USD \$4,649).

The Indebtedness holdback of approximately \$677 (or USD \$500), included within accounts payable, bears no interest and is payable to the Vendor within 3 business days after the one-year anniversary of the acquisition date. The holdback was fully paid during the third quarter of 2023.

The following table summarizes the consideration paid to the former owners of FormTex as part of the purchase price followed by a summary of the preliminary allocation of the purchase price:

Cash Indebtedness Holdback	\$ 5,304 677
Total Purchase Price	\$ 5,981

The following table summarizes the preliminary allocation of the purchase price:

Accounts receivable	\$	774
Inventory	Ψ	618
Manufacturing and other equipment		1,549
Right-of-use assets		1,083
Customer relationships		1,145
Intangibles and other assets		1,210
Goodwill		1,135
Current liabilities		(450)
Lease liabilities		(1,083)
Net assets acquired	\$	5,981

The Company considers this as a cash generating unit ("CGU") and as such the goodwill generated from this acquisition has been allocated to this CGU.

Included in intangibles and other assets are Distribution list in the amount of \$592 and Proprietary formulas and formulations of \$618.

Financial and operating results of FormTex are included in the Company's consolidated financial statements effective July 1, 2022. For the period of July 1, 2022 to December 31, 2022, FormTex revenues equaled \$3,867 with \$224 in net income before taxes.
